

GLASS WALL SYSTEMS
Complete Solution For Façade Works

TRANSFORMING SKYLINES. REDEFINING POSSIBILITIES.

We are proud to be among India's leading premium façade and fenestration solution providers, with a growing footprint in international markets

Recognized as amongst the most reliable façade solutions provider in India we are shaping the future of modern architecture. With two decades of expertise and over 150 iconic projects delivered, our journey is defined by quality, innovation, and sustainability.

From towering skyscrapers to luxury commercial spaces, we create façades that blend aesthetics with performance, setting new benchmarks in design excellence.

Our Offerings

A façade is more than just a building's exterior—it is where form meets function. Our solutions combine cutting-edge materials, precision engineering, and world-class design to ensure safety, sustainability, and striking visual appeal.

Our portfolio includes:

- Curtain wall façades (unitized, semi-unitized & frameless)
- Storefront wall façades
- Skylights, canopies, louvers, space frames & diagrids
- Rainscreen cladding & bolted façades
- Premium aluminium windows, doors & partitions

Global Footprint

From The Capital and Kohinoor Square in Mumbai to Bagmane Rio in Bengaluru and Lodha World One, our work defines skylines across India.

State-of-the-Art Manufacturing

Our Vile Bhagad Facility in Maharashtra, spread across 100,000+ sqm, powers our excellence. With advanced CNC machinery, automated logistics, ISO-certified processes, and an in-house glass processing unit, it ensures precision, scale, and sustainability.

Sustainability First

We are committed to green manufacturing and responsible practices. From carbon-neutral silicones and low-carbon aluminium to rooftop solar panels and zero-waste programs, sustainability is at the heart of our operations. Certified under ISO 14001:2015, we are setting benchmarks for eco-friendly construction.

Why Partner With Us?

- Proven market leadership in India with a fast-growing international presence
- Diversified business model across façades, fenestration, and exports
- Long-standing partnerships with marquee clients
- Expertise in delivering innovative, sustainable, high-performance systems
